

CURRICULUM VITAE

Dr Noémie Globus

Updated: August 2022

Personal Details

b. Paris, France, October 6, 1983

Married to Guillaume, mother to Lou

Languages: French: native. English, Polish: fluent. Spanish: notions. Hebrew: beginner.

Department of Astronomy and Astrophysics, University of California, Santa Cruz, CA 95064

Education

Qualification for Lecturer Functions in Sections 29 (elementary constituents of matter) and 34 (astronomy and astrophysics), French Ministry of National Education

2008-2011 Ph.D. in Astronomy, Astrophysics and Space Science, Observatoire de Paris-Université PSL

2006-2008 M.Sc. in Astronomy, Astrophysics and Space Science, Observatoire de Paris-Université PSL

2002-2006 B.Sc. Physics, University Paris VI, Ecole Nationale Supérieure de Cachan, Department: Physique

Employment History

Present postdoctoral and visiting positions

Since 2021: Chancellor's Postdoctoral Fellow, University of California, Santa Cruz (USA)

Since 2019: Guest Researcher, Flatiron Institute (USA)

Since 2019: Visiting Scientist, Astrophysical Big Bang Laboratory, RIKEN (Japan)

Past postdoctoral and visiting positions

2021: Postdoctoral Fellow, ELI Beamlines (Czech Republic) 8 months

2018: Visiting Postdoctoral scholar, KIPAC, Stanford University (USA) 5 months

2019 – 2020: Postdoctoral Fellow, New-York University / Flatiron Institute (USA)

2015 – 2018: Postdoctoral Fellow, The Hebrew University (Israel)

2012 – 2015: Postdoctoral Fellow, Tel Aviv University (Israel)

Awards, Citations, Honors, Fellowships

2018-2020 Koret Fellowship (KIPAC, Stanford University, USA)

2015-2017 Lady Davis Fellowship (The Hebrew University, Israel)

Publications

- 26 peer-reviewed papers (24 with 5 authors or less, 16 as first author)
- Invited news items in Nature, Quanta Magazine and Scientific American
- Topical convener for: "Ultra-High-Energy Cosmic Rays: The Intersection of the Cosmic and Energy Frontiers", Submitted to the US Community Study on the Future of Particle Physics (Snowmass 2021), arXiv.2205.05845

Invited Talks

- 26 invited talks at international conferences
- More than 70 invited seminars/colloquia at world-class research institutes (Full list available upon request)

Professional Service Activities

• Grant panelist

- the French National Research Agency (ANR)
- the National Aeronautics and Space Administration (NASA)
- the Israel Science Foundation (ISF)

• Referee

Science (Science), Physical Review Letters (PRL), Physical Review D (PRD), The Astrophysical Journal (ApJ), Monthly Notices of the Royal Astronomical Society (MNRAS), Journal of Cosmology and Astroparticle Physics (JCAP), ACS earth & space chemistry

- **Chair, International Conferences**

- Nuclear Astrophysics & Cosmic Rays in the Multimessenger Era, ICISE, Quy Nhon (Vietnam), July 25-29, 2022
- High Energy Astrophysics Israel Japan Workshop, RIKEN, Wako and Kobe Campus (Japan), July 18-23, 2019

- **Organizer, International Conferences**

- IAUS 375: The multimessenger chakra of blazar jets, 5-9 December 2022, Nepal, Kathmandu (LOC)
- 31st Texas Symposium on Relativistic Astrophysics, 12 - 16 September, 2022 / Prague, Czech Republic (LOC)
- TMEX-2020: Theory meeting experiment: particle astrophysics and cosmology, ICISE, Quy Nhon (Vietnam), 6-11 January 2020 (SOC)
- VHEPU-2018: Very High Energy Phenomena in the Universe, ICISE, Quy Nhon (Vietnam), 12-18 August 2018 (SOC)
- High Energy Astrophysics Workshop (Feb. 28, 2017) at the Hebrew University (Israel) (SOC)

- **Organizer of the weekly astrophysics seminar**, the Hebrew University of Jerusalem (Israel): academic years 2016-2017 and 2017-2018.

- **Membership**

- Telescope Array Collaboration
- International Astronomical Union (IAU)
- The Extreme Non-Thermal Universe: CDY Initiative
- Astrobiology Initiative, UC Santa Cruz
- Women in Physics, New York University (2019-2020)

- **Elected Students Representative**, Doctoral school of Astronomy and Astrophysics of Paris (2009-2010)

Teaching and Mentoring Experience

- **2022-2023:** Temporary Lecturer in Astronomy (Winter quarter) to redesign and teach the "ASTR 117 High Energy Astrophysics" class for advanced undergraduate students at UCSC.

- **Graduate students courses during PhD and temporary lecturer position (ATER) in France**

- nuclear magnetic resonance (Paris Observatory and Université Paris VI)
- special and general relativity (Paris Observatory and Université Paris VI)
- solar optics and spectroscopy (Paris Observatory)
- dynamics of dilute gases and plasmas (Paris Observatory)
- imagery post-processing (Paris Observatory)
- far-infrared detection (Paris Observatory)

- **Undergraduate students courses during PhD and temporary lecturer position (ATER) in France**

- introduction to astronomy and astrophysics (Paris Observatory)
- programming in IDL (Paris Observatory)
- supervisor of observations at Solar Tower (Paris Observatory)
- undergraduate student training
- a e-learning instructor in astronomy

- **Mentoring Experience**

- [Chen Ding](#) (2 years, lead to his first-author publication in ApJL and press release in Quanta Magazine)
- Currently mentoring: Vanessa Mendoza ([LAMAT](#) program) and Caitlyn Nojiri ([UC LEADS](#) program). The majority of students in these programs come from historically marginalized groups in STEM.

Selected Outreach Activities

2018 Public outreach activities at San Matteo College (USA)

2013-2014: Public outreach activities at Wise Observatory (Israel)

2008-2011: Public outreach activities at Paris Observatory (open nights, outreach lectures, mentoring of astronomy projects in schools) and Palais de la Découverte (France)

2002-2007: Co-founder of the association for Astronomy of Paris XI University (France)

Observing Experience

2011-2013: Observations at Telescope Bernard Lyot, Observatoire du Pic du Midi (21 nights). Advisor: Dr Rémi Cabanac. Instrument: NARVAL (spectropolarimeter)

2008: Training period of observing and data reduction at the Observatoire de Haute Provence (1 week), France.

2006: Training period (observations, data analysis) at the Canada France Hawaii Telescope (3 weeks at the summit). Advisor: Dr Christian Veillet. Instrument: WIRCam.
